

VINTAGE 2012

CABERNET SAUVIGNON AWARDS

A mild autumn rolled into the cool of winter. although the lack of rain bought back memories of the dry winters of the drought years. Spring started cool and dry with warm weather and dewy mornings followed by a wet and humid December driven by tropical weather patterns from the north. January on the other hand was very dry and the vineyard managers were irrigating around the clock to keep the delicate feeder roots in the topsoil moist, which factored then into a very early start to the harvest. A few events of tropical weather tested our patience in February but as it dried out through March and April, and autumn continued to cool, the outlook was positive across all varietals. Fruit flavours in the whites were outstanding with excellent varietal expression, and the reds have deep, vibrant colour and intense primary fruit.

ABOUT THE WINE

Established in 1860, Tahbilk is located in the premium central Victorian region of Nagambie Lakes. Purchased by Reginald Purbrick in 1925, his son Eric took over management of Tahbilk in 1931. Heading the winemaking for over 40 vintages until handing over to his grandson Alister in 1978, Eric was one of the early pioneers of varietal labelling in Australia and continued to be a strong influence in the direction of the Estate until his passing in 1991. Perhaps his greatest contribution to Tahbilk was to create the 'Special Bin' Shiraz in 1948 which was to be made, and continues to be made, from the best vats of a particular vintage. In 1952 a 'Special Bin' Cabernet Sauvignon was added to the range with both releases becoming known as 'Reserve' in 1985.

In recognition of his achievements, these 'best of a vintage' wines now carry his name and signature ... Eric Stevens Purbrick.

TASTING NOTES

"As would be expected from a best of vintage Cabernet Sauvignon release from the Estate there are generous blackcurrant and eucalypt characters, alongside earthy gamey notes, hints of cedar and mixed herbs balanced with dusty tannins and a fine acidity. The reward of additional complexity will be earned with long term cellaring under the right conditions.

An original 1870's Tahbilk Estate label has been reproduced to showcase this premium release. Drink Now to 2032/2037"
